

# Citizens United to Find Fugitives

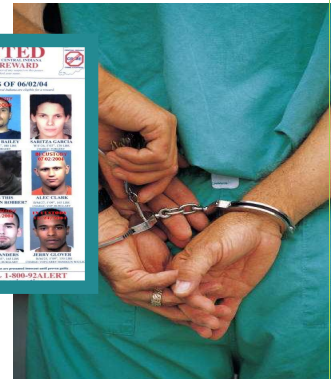

## Why We Are Here

Since 2001, Citizens United to Find Fugitives (CUFF) has helped law enforcement track and locate fugitives by providing the most comprehensive national database on the Internet. This unprecedented opportunity features 48 different search criteria, and includes fugitives submitted by victims as well as law enforcement. CUFF investigators verify and enter submitted information, and send monthly e-mail updates on the status of a subject's apprehension. Submissions are **FREE!**

By working with victims, CUFF's minimal-fee background search can also reveal true identities of fugitives and con artists using aliases, leading to criminal charges or arrests for outstanding warrants.

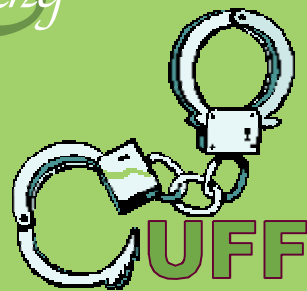

CUFF invites you or your agency to begin using this free fugitive-finding service. Call us today to set up your account.

(303) 463-5636 or (800) 408-0105
